

Miss McHerney

We enjoyed watching the video as it was extremely informative and created a lot of discussion. The children especially enjoyed the graphics.

There was a lot of information so had to stop the video a lot. Might be worth extending the length to read or taking some of the information out.

Children asked lots of questions e.g. what does the festival look like so maybe more pictures or videos to help explain.

I liked the pictures and the meanings.
In future could you please tell us in brackets how to Pronounce the words.
I liked learning about the Indian Culture.

Layla

Hello! My name is Eli. I liked your video and I liked how you made us learn so much about India. In the future, you could slow down the writing. I learnt a lot about the dances and all the festivals and the Taj Mahal.

We enjoyed watching the video and we like how the pictures came out of the box.

I think next time you should make the video slower and some more pictures and videos. I learnt lot of things.

What I really liked about the video is that they are showing that they are showing facts about the national slower.

What I learn from the video that is that that one slower is national.

What I didnt when it moved fast.

Aiza

Preet

I love the video it was interesting and learnt so much,

I think you could change a few things like... the facts left to fast and no one could read them and show videos of how you celebrate the festivals

I learnt quite a few things the good, festivals and more

I really liked the box
and how the things
pop out of the box. Next
time I would change the
speed and a bit more
about the things that pop out.
I don't really like the speed.
I would make the speed
a bit slower.

I like that he explained things very
well for our understanding and learning
new words in a 2 minute video!

he could've slowed the video down on
the explanation bits?

I like all the facts and pictures
especially about the slower!

Annabella SM

enjoyed the ~~video~~ guitar please write
how to pronounce it in brackets.
I learnt about the Taj mahal
and lots of stuff.
Please add more videos pictures
It was too fast please add
more time to read it.

Mehreen

I really liked it I
would love to go
to India but next time
I would like more
on the pictures like
a short video. It was
really nice overall and
it looks really good I
learnt a lot and I
would love to visit

Paila

Lotus
Flower

I really love the pictures, music
and also the box when the stuff
came out. I also love the lotus
flower.

I think you can make it more
slow as it was a bit fast and
more pictures of the stuff.

I really hope to see more and
learned really good stuff.
