

# Woodside Academy

## Online Safety Policy

Reviewed by SLT December 2023

This policy is part of the School's Statutory Safeguarding Policy and reflects changes in Keeping Children Safe in Education 2023. Any issues and concerns with online safety must follow the school's safeguarding and child protection processes.

### 1. Introduction and Overview

#### Rationale

The purpose of this policy is to:

- Set out the key principles expected of all members of the school community at Woodside Academy with respect to the use of IT-based technologies
- Assist school staff working with children to work safely and responsibly with the Internet and other IT and communication technologies and to monitor their own standards and practice
- Set clear expectations of behaviour and/or codes of practice relevant to responsible use of the Internet for educational, personal or recreational use for the whole school community
- Have robust processes in place to ensure the online safety of pupils, staff, volunteers and governors
- Ensure that all members of the school community are aware that unlawful or unsafe behaviour is unacceptable and that, where appropriate, disciplinary or legal action will be taken
- Minimise the risk of misplaced or malicious allegations made against adults who work with students and establish clear mechanisms to identify, intervene and escalate an incident, where appropriate
- Identify and support groups of pupils that are potentially at greater risk of harm online than others
- Deliver an effective approach to online safety, which empowers us to protect and educate the whole school community in its use of technology, including mobile and smart technology

#### **The 4 key categories of risk**

Our approach to online safety is based on addressing the following categories of risk:

- **Content** – being exposed to illegal, inappropriate or harmful content, such as pornography, fake news, racism, misogyny, self-harm, suicide, antisemitism, radicalization and extremism
- **Contact** – being subjected to harmful online interaction with other users, such as peer-to-peer pressure, commercial advertising and adults posing as children or young adults with the intention to groom or exploit them for sexual, criminal, financial or other purposes
- **Conduct** – personal online behaviour that increases the likelihood of, or causes, harm, such as making, sending and receiving explicit images (e.g. consensual and non-consensual sharing of nudes and semi-nudes and/or pornography), sharing other explicit images and online bullying; and
- **Commerce** – risks such as online gambling, inappropriate advertising, phishing and/or financial scams

## Scope

This policy applies to all members of The Woodside Academy community (including staff, students/pupils, volunteers, parents/carers, visitors, community users) who have access to and are users of academy IT systems, both in and out of Woodside Academy.

## Roles and responsibilities

Role	Key Responsibilities
Principal	<ul style="list-style-type: none"><li>• The Principal is responsible for ensuring that staff understand this policy, and that it is being implemented consistently throughout the school.</li><li>• Must be adequately trained in off-line and online safeguarding, in-line with statutory guidance and relevant Local Safeguarding Children Board (LSCB) guidance</li><li>• To lead a 'safeguarding' culture, ensuring that online safety is fully integrated with whole school safeguarding.</li><li>• To take overall responsibility for online safety provision</li><li>• To take overall responsibility for data management and information security (SIRO) ensuring school's provision follows best practice in information handling</li><li>• To ensure the school uses appropriate IT systems and services including, filtered Internet Service, e.g. LGfL services</li><li>• To be responsible for ensuring that all staff receive suitable training to carry out their safeguarding and online safety roles</li><li>• To be aware of procedures to be followed in the event of a serious online safety incident</li><li>• Ensure suitable 'risk assessments' undertaken so the curriculum meets needs of pupils, including risk of children being radicalised</li><li>• To receive regular monitoring reports from the Online Safety Coordinator</li><li>• To ensure that there is a system in place to monitor and support staff who carry out internal online safety procedures, e.g. network manager</li><li>• To ensure Governors are regularly updated on the nature and effectiveness of the school's arrangements for online safety</li><li>• To ensure school website includes relevant information.</li></ul>
Online Safety Co-ordinator /Designated Child Protection Lead	<ul style="list-style-type: none"><li>• Take day to day responsibility for online safety issues and a leading role in establishing and reviewing the school's online safety policy / documents</li><li>• Promote an awareness and commitment to online safety throughout the school community</li><li>• Ensure that online safety education is embedded within the curriculum</li><li>• Liaise with school technical staff where appropriate</li><li>• To communicate regularly with SLT and the designated online safety Governor/committee to discuss current issues, review incident logs and filtering/change control logs</li><li>• To ensure that all staff are aware of the procedures that need to be followed in the event of an online safety incident</li><li>• To ensure that online safety incidents are logged as a safeguarding incident</li><li>• Facilitate training and advice for all staff</li><li>• Oversee any pupil surveys / pupil feedback on online safety issues</li><li>• Liaise with the Local Authority and relevant agencies</li></ul>

Role	Key Responsibilities
	<ul style="list-style-type: none"> <li>• Is regularly updated in online safety issues and legislation, and be aware of the potential for serious child protection concerns.</li> <li>• Support the Principal in ensuring that staff understand this policy and that it is being implemented consistently throughout the school</li> <li>• Manage all online safety issues and incidents in line with the school's child protection policy</li> <li>• Ensure that any incidents of cyber-bullying are logged and dealt with appropriately in line with the school behaviour policy</li> <li>• Liaise with other agencies and/or external services if necessary</li> <li>• Undertake annual risk assessments that consider and reflect the risks children face</li> <li>• Provide regular safeguarding and child protection updates, including online safety, to all staff, at least annually, in order to continue to provide them with relevant skills and knowledge to safeguard effectively</li> <li>• Take the lead on understanding the filtering and monitoring systems and processes in place on school devices and school networks</li> </ul>
Governors/ Safeguarding Governor (including online safety)	<ul style="list-style-type: none"> <li>• To ensure that the school has in place policies and practices to keep the children and staff safe online</li> <li>• To support the school in encouraging parents and the wider community to become engaged in online safety activities</li> <li>• The role of the Safeguarding Governor will include: regular review with the online safety Co-ordinator.</li> <li>• Identifying and assigning roles and responsibilities to manage filtering and monitoring systems;</li> <li>• Reviewing filtering and monitoring provisions at least annually;</li> <li>• Reviewing staff training of online safety</li> <li>• Having effective monitoring strategies in place that meet their safeguarding needs.</li> <li>• Ensure that online safety is a running and interrelated theme while devising and implementing their whole-school or college approach to safeguarding and related policies and/or procedures</li> </ul>
Computing Curriculum Leader	<ul style="list-style-type: none"> <li>• To oversee the delivery of the online safety element of the Computing curriculum</li> <li>• Ensure that any online safety incidents are logged and dealt with appropriately in line with this policy</li> <li>• Ensure that any incidents of cyber-bullying are dealt with appropriately in line with the school behaviour policy</li> </ul>
Network Manager/ Technician	<ul style="list-style-type: none"> <li>• To report online safety related issues that come to their attention, to the Online Safety Coordinator</li> <li>• To manage the school's computer systems, ensuring <ul style="list-style-type: none"> <li>- school password policy is strictly adhered to.</li> <li>- systems are in place for misuse detection and malicious attack (e.g. keeping virus protection up to date)</li> <li>- access controls/encryption exist to protect personal and sensitive information held on school-owned devices</li> <li>- the school's policy on web filtering is applied and updated on a regular basis</li> </ul> </li> </ul>

Role	Key Responsibilities
	<ul style="list-style-type: none"> <li>• That they keep up to date with the school's online safety policy and technical information in order to effectively carry out their online safety role and to inform and update others as relevant</li> <li>• That the use of school technology and online platforms are regularly monitored and that any misuse/attempted misuse is reported to the online safety co-ordinator/Principal</li> <li>• To ensure appropriate backup procedures and disaster recovery plans are in place</li> <li>• To keep up-to-date documentation of the school's online security and technical procedures</li> <li>• Put in place an appropriate level of security protection procedures, such as filtering and monitoring systems on school devices and school networks, which are reviewed and updated at least annually to assess effectiveness and ensure pupils are kept safe from potentially harmful and inappropriate content and contact online while at school, including terrorist and extremist material</li> <li>• Ensure that the school's ICT systems are secure and protected against viruses and malware, and that such safety mechanisms are updated regularly</li> <li>• Conduct a full security check and monitoring the school's ICT systems on a fortnightly basis</li> <li>• Block access to potentially dangerous sites and, where possible, preventing the downloading of potentially dangerous files</li> </ul>
Data and Information (Asset Owners) Managers (IAOs)	<ul style="list-style-type: none"> <li>• To ensure that the data they manage is accurate and up-to-date</li> <li>• Ensure best practice in information management. i.e. have appropriate access controls in place, that data is used, transferred and deleted in-line with data protection requirements.</li> <li>• The school must be registered with Information Commissioner</li> </ul>
Teachers	<ul style="list-style-type: none"> <li>• To embed online safety in the curriculum</li> <li>• To supervise and guide pupils carefully when engaged in learning activities involving online technology (including, extra-curricular and extended school activities if relevant)</li> <li>• To ensure that pupils are fully aware of research skills and are fully aware of legal issues relating to electronic content such as copyright laws</li> </ul>
All staff, volunteers and contractors.	<ul style="list-style-type: none"> <li>• To read, understand, sign and adhere to the school staff Acceptable Use Agreement/Policy, and understand any updates annually. The AUP is signed by new staff on induction.</li> <li>• To report any suspected misuse or problem to the online safety coordinator</li> <li>• To maintain an awareness of current online safety issues and guidance e.g. through CPD</li> <li>• To model safe, responsible and professional behaviours in their own use of technology</li> <li>• Implement this policy consistently</li> <li>• Agree and adhere to the terms on acceptable use of the school's ICT systems and the internet and ensuring that pupils follow the school's terms on acceptable use</li> </ul>

Role	Key Responsibilities
	<ul style="list-style-type: none"> <li>• Know that the DSL is responsible for the filtering and monitoring systems and processes, and being aware of how to report any incidents of those systems or processes failing.</li> <li>• Follow the correct procedures by if they need to bypass the filtering and monitoring systems for educational purposes</li> <li>• Work with the DSL to ensure that any online safety incidents are logged and dealt with appropriately in line with this policy</li> <li>• Ensure that any incidents of cyber-bullying are dealt with appropriately in line with the school behaviour policy</li> <li>• Respond appropriately to all reports and concerns about sexual violence and/or harassment, both online and offline, and maintaining an attitude of 'it could happen here'</li> </ul> <p><b>Exit strategy</b></p> <ul style="list-style-type: none"> <li>• At the end of the period of employment/volunteering to return any equipment or devices loaned by the school. This will include leaving PIN numbers, IDs and passwords to allow devices to be reset, or meeting with line manager and technician on the last day to log in and allow a factory reset.</li> </ul>
Pupils	<ul style="list-style-type: none"> <li>• Read, understand, sign and adhere to the Student/Pupil Acceptable Use Policy annually</li> <li>• To understand the importance of reporting abuse, misuse or access to inappropriate materials</li> <li>• To know what action to take if they or someone they know feels worried or vulnerable when using online technology</li> <li>• To understand the importance of adopting safe behaviours and good online safety practice when using digital technologies out of school and realise that the school's online safety policy covers their actions out of school</li> <li>• To contribute to any 'pupil voice' / surveys that gathers information of their online experiences</li> </ul>
Parents/ carers	<ul style="list-style-type: none"> <li>• To read, understand and promote the school's Pupil Acceptable Use Agreement with their child/ren</li> <li>• to consult with the school if they have any concerns about their children's use of technology</li> <li>• to support the school in promoting online safety and endorse the Parents' Acceptable Use Agreement which includes the pupils' use of the Internet and the school's use of photographic and video images</li> </ul>
External groups including Parent groups	<ul style="list-style-type: none"> <li>• Any external individual/organisation will sign an Acceptable Use agreement prior to using technology or the Internet within school</li> <li>• to support the school in promoting online safety</li> <li>• to model safe, responsible and positive behaviours in their own use of technology.</li> </ul>

### **Communication:**

The policy will be communicated to staff/pupils/community in the following ways:

- Policy to be posted on the school website/ staffroom.

- Policy to be part of school induction pack for new staff.
- Acceptable use agreements discussed with staff and pupils at the start of each year.
- Acceptable use agreements to be issued to whole school community, on entry to the school.

### **Handling Incidents:**

- The school will take all reasonable precautions to ensure online safety.
- Staff and pupils are given information about infringements in use and possible sanctions.
- Online Safety Coordinator acts as first point of contact for any incident.
- Any suspected online risk or infringement is reported to Online Safety Coordinator that day
- Any concern about staff misuse is always referred directly to the Principal, unless the concern is about the Principal in which case the complaint is referred to the Chair of Governors and the LADO (Local Authority's Designated Officer).

### **Review and Monitoring**

The online safety policy is referenced within other school policies (e.g. Safeguarding and Child Protection policy, Anti-Bullying policy, PSHE, Computing policy).

- The online safety policy will be reviewed annually or when any significant changes occur with regard to the technologies in use within the school.
- There is widespread ownership of the policy and it has been agreed by the SLT and approved by Governors. All amendments to the school online safety policy will be disseminated to all members of staff and pupils.

## **2. Education and Curriculum**

### **Pupil online safety curriculum**

This school:

In **Key Stage (KS) 1**, pupils will be taught to:

- Use technology safely and respectfully, keeping personal information private
- Identify where to go for help and support when they have concerns about content or contact on the internet or other online technologies

Pupils in **Key Stage (KS) 2** will be taught to:

- Use technology safely, respectfully and responsibly
- Recognise acceptable and unacceptable behaviour
- Identify a range of ways to report concerns about content and contact

By the **end of primary school**, pupils will know:

- That people sometimes behave differently online, including by pretending to be someone they are not
- That the same principles apply to online relationships as to face-to-face relationships, including the importance of respect for others online, including when we are anonymous
- The rules and principles for keeping safe online, how to recognise risks, harmful content and contact, and how to report them
- How to critically consider their online friendships and sources of information including awareness of the risks associated with people they have never met
- How information and data is shared and used online
- What sorts of boundaries are appropriate in friendships with peers and others (including in a digital context)
- How to respond safely and appropriately to adults they may encounter (in all contexts, including online) whom they do not know

The safe use of social media and the internet will also be covered in other subjects where relevant. Where necessary, teaching about safeguarding, including online safety, will be adapted for vulnerable children, victims of abuse and some pupils with SEND.

### **3. Expected Conduct and Incident management**

#### **Expected conduct**

In this school, all users:

- are responsible for using the school IT and communication systems in accordance with the relevant Acceptable Use Agreements;
- understand the significance of misuse or access to inappropriate materials and are aware of the consequences;
- understand it is essential to reporting abuse, misuse or access to inappropriate materials and know how to do so;
- understand the importance of adopting good online safety practice when using digital technologies in and out of school;
- know and understand school policies on the use of mobile and hand-held devices including cameras;

#### **Staff, volunteers and contractors**

- know to be vigilant in the supervision of children at all times, as far as is reasonable, and uses common-sense strategies in learning resource areas where older pupils have more flexible access;
- know to take professional, reasonable precautions when working with pupils, previewing websites before use; using age-appropriate (pupil friendly) search engines where more open Internet searching is required with younger pupils;

#### **Parents/Carers**

- should provide consent for pupils to use the Internet, as well as other technologies, as part of the online safety acceptable use agreement form;
- should know and understand what the school's 'rules of appropriate use for the whole school community' are and what sanctions result from misuse.

#### **Incident Management**

In this school:

- there is strict monitoring and application of the online safety policy and a differentiated and appropriate range of sanctions;
- all members of the school are encouraged to be vigilant in reporting issues, in the confidence that issues will be dealt with quickly and sensitively, through the school's escalation processes;
- support is actively sought from other agencies as needed (i.e. the local authority, UK Safer Internet Centre helpline, CEOP, Prevent Officer, Police, IWF) in dealing with online safety issues;
- monitoring and reporting of online safety incidents takes place and contribute to developments in policy and practice in online safety within the school;
- parents/carers are specifically informed of online safety incidents involving young people for whom they are responsible;
- the Police will be contacted if one of our staff or pupils receives online communication that we consider is particularly disturbing or breaks the law;
- we will immediately refer any suspected illegal material to the appropriate authorities – Police, Internet Watch Foundation and inform the LA.

## **4. Managing IT and Communication System**

### **Internet access, security (virus protection) and filtering**

This school:

- informs all users that Internet/email use is monitored;
- has the educational filtered secure broadband connectivity through the LGfL;
- uses the LGfL filtering system which blocks sites that fall into categories (e.g. adult content, race hate, gaming). All changes to the filtering policy are logged and only available to staff with the approved 'web filtering management' status;
- ensures network health through use of Sophos anti-virus software (from LGfL);
- Uses DfE, LA or LGfL approved systems including DfE S2S, to send 'protect-level' (sensitive personal) data over the Internet
- Uses encrypted devices or secure remote access where staff need to access 'protect-level' (sensitive personal) data off-site;
- Works in partnership with the LGfL to ensure any concerns about the system are communicated so that systems remain robust and protect students.

### **Network management (user access, backup)**

This school:

- Uses individual, audited log-ins for all users;
- Uses guest accounts occasionally for external or short-term visitors for temporary access to appropriate services;
- Ensures the Systems Administrator/network manager is up-to-date with services and policies/requires the

### **Technical Support Provider to be up-to-date with services and policies:**

- Has daily back-up of school data (admin and curriculum);
- Uses secure, 'Cloud' storage for data back-up that conforms to [DfE guidance](#);
- Storage of all data within the school will conform to the EU and UK data protection requirements; Storage of data online, will conform to the [EU data protection directive](#) where storage is hosted within the EU.

### **To ensure the network is used safely, this school:**

- All pupils have their own unique username and password which gives them access to the Internet and other services;
- Makes clear that no one should log on as another user and makes clear that pupils should never be allowed to log-on or use teacher and staff logins;
- Has set-up the network with a shared work area for pupils and one for staff. Staff and pupils are shown how to save work and access work from these areas;
- Requires all users to log off when they have finished working or are leaving the computer unattended;
- Ensures all equipment owned by the school and/or connected to the network has up to date virus protection;
- Makes clear that staff are responsible for ensuring that any computer or laptop loaned to them by the school, is used primarily to support their professional responsibilities.
- Maintains equipment to ensure Health and Safety is followed;
- Ensures that access to the school's network resources from remote locations by staff is audited and restricted and access is only through school/LA approved systems;
- Does not allow any outside Agencies to access our network remotely except where there is a clear professional need and then access is audited restricted and is only through approved systems;

- Has a clear disaster recovery system in place that includes a secure, remote off site back up of data;
- This school uses secure data transfer; this includes DfE secure S2S website for all CTF files sent to other schools;
- Ensures that all pupil level data or personal data sent over the Internet is encrypted.
- Our wireless network has been secured to industry standard Enterprise security level /appropriate standards suitable for educational use;
- All IT and communications systems installed professionally and regularly reviewed to ensure they meet health and safety standards;

### **Password policy**

- This school makes it clear that staff and pupils must always keep their passwords private, must not share with others.
- All staff have their own unique username and private passwords to access school systems. Staff are responsible for keeping their password(s) private.
- We require staff to use STRONG passwords.

### **E-mail**

This school:

- Provides staff with an email account for their professional use.
- We use anonymous or group e-mail addresses, for example: [info@schoolname.la.sch.uk](mailto:info@schoolname.la.sch.uk)/[head@schoolname.la.sch.uk](mailto:head@schoolname.la.sch.uk)/or class e-mail addresses.
- Will contact the Police if one of our staff or pupils receives an e-mail that we consider is particularly disturbing or breaks the law.
- Will ensure that email accounts are maintained and up to date
- We use a number of technologies to help protect users and systems in the school, including desktop anti- virus product Sophos, plus direct email filtering for viruses.

### **Pupils:**

- Pupils are taught about the online safety and 'netiquette' of using e-mail both in school and at home.

### **Staff:**

- Staff will use LA or school e-mail systems for professional purposes
- Never use email to transfer staff or pupil personal data. 'Protect-level' data should never be transferred by email. If there is no secure file transfer solution available for the situation, then the data / file must be protected with security encryption.

### **School website**

- The Principal, supported by the Governing body, takes overall responsibility to ensure that the website content is accurate and the quality of presentation is maintained;
- The school web site complies with statutory DfE requirements;
- Most material is the school's own work; where other's work is published or linked to, we credit the sources used and state clearly the author's identity or status;
- Photographs published on the web do not have full names attached. We do not use pupils' names when saving images in the file names or in the tags when publishing to the school website;

### **Cloud Environments**

- Uploading of information on the schools' online learning space is shared between different staff members according to their responsibilities e.g. all class teachers upload information in their class areas;

- Photographs and videos uploaded to the school's online environment will only be accessible by members of the school community;
- In school, pupils are only able to upload and publish within school approved 'Cloud' systems.

### **Social networking**

#### **Staff, Volunteers and Contractors**

- Staff are instructed to always keep professional and private communication separate.
- Teachers are instructed not to run social network spaces for student use on a personal basis or to open up their own spaces to their students, but to use the schools' preferred system for such communications.

#### **School staff will ensure that in private use:**

- School staff should not be online friends with any pupil/student. Any exceptions must be approved by the Principal.
- They do not engage in online discussion on personal matters relating to members of the school community;
- Personal opinions should not be attributed to the academy or local authority and personal opinions must not compromise the professional role of the staff member, nor bring the school into disrepute;
- Security settings on personal social media profiles are regularly checked to minimise risk of loss of personal information.

#### **Pupils:**

- Are taught about social networking, acceptable behaviours and how to report misuse, intimidation or abuse through our online safety curriculum work.

#### **Parents:**

- Parents are reminded about social networking risks and protocols through our parental Acceptable Use Agreement and additional communications materials when required.
- Are reminded that they need to ask permission before uploading photographs, videos or any other information about other people.

## **5. Data security: Management Information System access and Data transfer**

### **Strategic and operational practices**

At this school:

- The Principal is the Senior Information Risk Officer (SIRO).
- Staff are clear who are the key contact(s) for key school information (the Information Asset Owners) are. We have listed the information and information asset owners.
- We ensure staff know who to report any incidents where data protection may have been compromised.
- All staff are DBS checked and records are held in a single central record

### **Technical Solutions**

- Staff have secure area(s) on the network to store sensitive files.
- Details of all school-owned hardware will be recorded in a hardware inventory.
- Details of all school-owned software will be recorded in a software inventory.
- Disposal of any equipment will conform to [The Waste Electrical and Electronic Equipment Regulations 2006](#) and/or [The Waste Electrical and Electronic Equipment \(Amendment\) Regulations 2007](#). [Further information](#) can be found on the Environment Agency website.

- Where any protected or restricted data has been held we get a certificate of secure deletion for any server that once contained personal data.

## **6. Equipment and Digital Content**

### **Mobile Devices (Mobile phones, tablets and other mobile devices)**

- Mobile devices brought into school are entirely at the staff member, students & parents or visitors' own risk. The School accepts no responsibility for the loss, theft or damage of any phone or hand-held device brought into school.
- Mobile devices brought in to school are the responsibility of the device owner. The school accepts no responsibility for the loss, theft or damage of personally-owned mobile devices.
- Mobile devices are not permitted to be used in certain areas within the school site, e.g. changing rooms and toilets.
- All student mobile devices will be handed in at reception should they be brought into school.
- Staff members may use their phones during school break times.
- All visitors are requested to keep their phones on silent.
- The School reserves the right to search the content of any mobile devices on the school premises where there is a reasonable suspicion that it may contain illegal or undesirable material, including pornography, violence or bullying. Staff mobile devices may be searched at any time as part of routine monitoring.
- If a student needs to contact his or her parents or carers, they will be allowed to use a school phone. Parents are advised not to contact their child via their mobile phone during the school day, but to contact the school office.

### **Staff use of personal devices**

- Staff handheld devices, including mobile phones and personal cameras must be noted in school – name, make & model, serial number. Any permitted images or files taken in school must be downloaded from the device and deleted in school before the end of the day.
- Staff are not permitted to use their own mobile phones or devices in a professional capacity, such as for contacting children, young people or their families within or outside of the setting.
- Staff will be issued with a school phone where contact with students, parents or carers is required, for instance for off-site activities.
- If members of staff have an educational reason to allow children to use mobile phones or a personally-owned device as part of an educational activity, then it will only take place when approved by the senior leadership team.
- In an emergency where a staff member doesn't have access to a school-owned device, they should use their own device and hide (by inputting 141) their own mobile number for confidentiality purposes and then report the incident with the Principal / Designated Officer.
- If a member of staff breaches the school policy then disciplinary action may be taken.

### **Digital images and video**

#### **In this school:**

- We gain parental/carers permission for use of digital photographs or video involving their child as part of the school agreement form when their daughter/son joins the school (and at each Key Stage).
- We do not identify pupils in online photographic materials or include the full names of pupils in the credits of any published school produced video materials/DVDs;

- The school blocks/filter access to social networking sites unless there is a specific approved educational purpose;
- Pupils are taught about how images can be manipulated in their online safety education programme and also taught to consider how to publish for a wide range of audiences which might include governors, parents or younger children as part of their computing scheme of work;
- Pupils are advised to be very careful about placing any personal photos on any 'social' online network space. They are taught to understand the need to maintain privacy settings so as not to make public, personal information.
- Pupils are taught that they should not post images or videos of others without their permission. We teach them about the risks associated with providing information with images (including the name of the file), that reveals the identity of others and their location. We teach them about the need to keep their data secure and what to do if they are subject to bullying or abuse.

## **7. Educating parents/carers about online safety**

The school will raise parents/carers' awareness of internet safety in letters or other communications home, and in information via our website, parentmail or social media. This policy will also be shared with parents/carers.

Online safety will also be covered during parents' evenings.

The school will let parents/carers know:

- What systems the school uses to filter and monitor online use
- What their children are being asked to do online, including the sites they will be asked to access and who from the school (if anyone) their child will be interacting with online

If parents/carers have any queries or concerns in relation to online safety, these should be raised in the first instance with the Principal and/or the DSL. Concerns or queries about this policy can be raised with any member of staff or the Principal.

### **Cyber-bullying**

#### **Definition**

Cyber-bullying takes place online, such as through social networking sites, messaging apps or gaming sites. Like other forms of bullying, it is the repetitive, intentional harming of 1 person or group by another person or group, where the relationship involves an imbalance of power.

#### **Preventing and addressing cyber-bullying**

To help prevent cyber-bullying, we will ensure that pupils understand what it is and what to do if they become aware of it happening to them or others. We will ensure that pupils know how they can report any incidents and are encouraged to do so, including where they are a witness rather than the victim.

The school will actively discuss cyber-bullying with pupils, explaining the reasons why it occurs, the forms it may take and what the consequences can be. Class teachers will discuss cyber-bullying with their tutor groups.

Teaching staff are also encouraged to find opportunities to use aspects of the curriculum to cover cyber-bullying. This includes personal, social, health and economic (PSHE) education, and other subjects where appropriate.

All staff, governors and volunteers (where appropriate) receive training on cyber-bullying, its impact and ways to support pupils, as part of safeguarding training (see section 11 for more detail). The school also sends information/leaflets on cyber-bullying to parents/carers so they are aware of the signs, how to report it and how they can support children who may be affected.

In relation to a specific incident of cyber-bullying, the school will follow the processes set out in the school behaviour policy. Where illegal, inappropriate or harmful material has been spread among pupils, the school will use all reasonable endeavours to ensure the incident is contained. The DSL will report the incident and provide the relevant material to the police as soon as is reasonably practicable, if they have reasonable grounds to suspect that possessing that material is illegal. They will also work with external services if it is deemed necessary to do so.

### Examining electronic devices

The Principal, and any member of staff authorised to do so by the Principal, can carry out a search and confiscate any electronic device that they have reasonable grounds for suspecting:

- Poses a risk to staff or pupils, and/or
- Is identified in the school rules as a banned item for which a search can be carried out, and/or
- Is evidence in relation to an offence

Before a search, if the authorised staff member is satisfied that they have reasonable grounds for suspecting any of the above, they will also:

- Make an assessment of how urgent the search is, and consider the risk to other pupils and staff. If the search is not urgent, they will seek advice from the Principal or DSL
- Explain to the pupil why they are being searched, how the search will happen, and give them the opportunity to ask questions about it
- Seek the pupil's co-operation

Authorised staff members may examine, and in exceptional circumstances erase, any data or files on an electronic device that they have confiscated where they believe there is a 'good reason' to do so.

When deciding whether there is a 'good reason' to examine data or files on an electronic device, the staff member should reasonably suspect that the device has, or could be used to:

- Cause harm, and/or
- Undermine the safe environment of the school or disrupt teaching, and/or
- Commit an offence

If inappropriate material is found on the device, it is up to the staff member in conjunction with the DSL or Principal to decide on a suitable response. If there are images, data or files on the device that staff reasonably suspect are likely to put a person at risk, they will first consider the appropriate safeguarding response.

When deciding if there is a good reason to erase data or files from a device, staff members will consider if the material may constitute evidence relating to a suspected offence. In these instances, they will not delete the material, and the device will be handed to the police as soon as reasonably practicable. If the material is not suspected to be evidence in relation to an offence, staff members may delete it if:

- They reasonably suspect that its continued existence is likely to cause harm to any person, and/or
- The pupil and/or the parent/carer refuses to delete the material themselves

If a staff member **suspects** a device **may** contain an indecent image of a child (also known as a nude or semi-nude image), they will:

- **Not** view the image
- Confiscate the device and report the incident to the DSL (or equivalent) immediately, who will decide what to do next. The DSL will make the decision in line with the DfE's latest guidance on screening, searching and confiscation and the UK Council for Internet

Safety (UKCIS) guidance on sharing nudes and semi-nudes: advice for education settings working with children and young people

Any searching of pupils will be carried out in line with:

- The DfE's latest guidance on searching, screening and confiscation
- UKCIS guidance on sharing nudes and semi-nudes: advice for education settings working with children and young people
- Our behaviour policy

Any complaints about searching for or deleting inappropriate images or files on pupils' electronic devices will be dealt with through the school complaints procedure.

### **Artificial intelligence (AI)**

Generative artificial intelligence (AI) tools are now widespread and easy to access. Staff, pupils and parents/carers may be familiar with generative chatbots such as ChatGPT and Google Bard. We recognise that AI has many uses to help pupils learn, but may also have the potential to be used to bully others. For example, in the form of 'deepfakes', where AI is used to create images, audio or video hoaxes that look real.

We will treat any use of AI to bully pupils in line with our behaviour policy.

Staff should be aware of the risks of using AI tools whilst they are still being developed and should carry out a risk assessment where new AI tools are being used by the school.

## **8. Acceptable use of the internet in school**

All pupils, parents/carers, staff, volunteers and governors are expected to sign an agreement regarding the acceptable use of the school's ICT systems and the internet (appendices 1 to 3). Visitors will be expected to read and agree to the school's terms on acceptable use if relevant. Use of the school's internet must be for educational purposes only, or for the purpose of fulfilling the duties of an individual's role.

We will monitor the websites visited by pupils, staff, volunteers, governors and visitors (where relevant) to ensure they comply with the above and restrict access through filtering systems where appropriate.

## **9. Staff using work devices outside school**

All staff members will take appropriate steps to ensure their devices remain secure. This includes, but is not limited to:

- Keeping the device password-protected – strong passwords are at least 8 characters, with a combination of upper and lower-case letters, numbers and special characters (e.g. asterisk or currency symbol)
- Ensuring their hard drive is encrypted – this means if the device is lost or stolen, no one can access the files stored on the hard drive by attaching it to a new device
- Making sure the device locks if left inactive for a period of time
- Not sharing the device among family or friends
- Installing anti-virus and anti-spyware software
- Keeping operating systems up to date by always installing the latest updates

Staff members must not use the device in any way that would violate the school's terms of acceptable use.

Work devices must be used solely for work activities.

If staff have any concerns over the security of their device, they must seek advice from the ICT manager.

## 10. How the school will respond to issues of misuse

Where a pupil misuses the school's ICT systems or internet, we will follow the procedures set out in our policies on acceptable use contract. The action taken will depend on the individual circumstances, nature and seriousness of the specific incident, and will be proportionate.

Where a staff member misuses the school's ICT systems or the internet, or misuses a personal device where the action constitutes misconduct, the matter will be dealt with in accordance with the staff code of conduct. The action taken will depend on the individual circumstances, nature and seriousness of the specific incident.

The school will consider whether incidents that involve illegal activity or content, or otherwise serious incidents, should be reported to the police.

## 11. Training

All new staff members will receive training, as part of their induction, on safe internet use and online safeguarding issues, including cyber-bullying and the risks of online radicalisation.

All staff members will receive refresher training at least once each academic year as part of safeguarding training, as well as relevant updates as required (for example through emails, e-bulletins and staff meetings).

By way of this training, all staff will be made aware that:

- Technology is a significant component in many safeguarding and wellbeing issues, and that children are at risk of online abuse
- Children can abuse their peers online through:
  - Abusive, harassing and misogynistic messages
  - Non-consensual sharing of indecent nude and semi-nude images and/or videos, especially around chat groups
  - Sharing of abusive images and pornography, to those who don't want to receive such content

Physical abuse, sexual violence and initiation/hazing type violence can all contain an online element

Training will also help staff:

- Develop better awareness to assist in spotting the signs and symptoms of online abuse
- Develop the ability to ensure pupils can recognise dangers and risks in online activity and can weigh up the risks
- Develop the ability to influence pupils to make the healthiest long-term choices and keep them safe from harm in the short term

The DSL will undertake child protection and safeguarding training, which will include online safety, at least every 2 years. They will also update their knowledge and skills on the subject of online safety at regular intervals, and at least annually.

Governors will receive training on safe internet use and online safeguarding issues as part of their safeguarding training.

Volunteers will receive appropriate training and updates, if applicable.

More information about safeguarding training is set out in our child protection and safeguarding policy.

## 12. Monitoring arrangements

The DSL logs behaviour and safeguarding issues related to online safety.

This policy will be reviewed every year by the computing lead. At every review, the policy will be shared with the governing board. The review will be supported by an annual risk assessment that

considers and reflects the risks pupils face online. This is important because technology, and the risks and harms related to it, evolve and change rapidly.
